Education

SASTRA Deemed University <i>B.Tech., Computer Science and Engineering - CGPA: 7.78</i>	Kumbakonam, IN <i>Expected 2026</i>
DAV School <i>Class XII - 81 %, JEE Mains - 85.21 Percentile</i>	Chennai, IN <i>2022</i>
DAV School <i>Class X - 89.4 %</i>	Chennai, IN <i>2020</i>

Experience

Summer Research Intern <i>NIT Trichy</i>	<i>June 2025 – July 2025</i>
- Spearheaded a comparative study for classification of paddy diseases using a 13-class dataset sourced from the IEEE PaddyDoctor repository. - Evaluated the performance of KLDA, Random Forest, SVM+PCA, and CNN, demonstrating superior efficiency of the traditional KLDA model (99%) over the Deep Learning CNN model (75%). - Identified critical bottlenecks in the dataset (<i>Blast, Tungro, and Hispa</i> classes) that hindered Random Forest and CNN performance, which were effectively resolved using KLDA.	

Projects

Dysarthric Speech Recognition System <i>Python, Bi-LSTM, GRU</i>	
Developed a speech recognition system for <i>dysarthric</i> patients using Bi-LSTM and GRU Deep Learning models, benchmarking its efficiency against baseline architectures.	
Automated Source-to-Source Translator <i>Lex and YACC</i>	
Developed an optimized source-to-source translator to convert <i>if-else</i> ladders into efficient <i>switch-case</i> structures using Lex and YACC parsers.	

Technical Skills

Languages: Java, C++, Python
Core Concepts: Data Structures and Algorithms, Object-Oriented Programming
Frameworks: Python (Django)
Databases: MySQL
Compiler: Lex, YACC (Basic)

Certifications

Industrial Internet of Things (IIOT) Workshop <i>SASTRA Deemed University</i>	<i>March 2024</i>
Participated in a comprehensive IIOT workshop covering protocols and applications during the <i>Theta'24</i> fest.	

Leadership & Extracurricular

Organizer, Emulsion Cluster - THETA 2K23 <i>SASTRA Deemed University</i>	<i>May 2023</i>
Organized the National Level Techno-Management fest, specifically coordinating the photography committee.	

Languages

English, Hindi, Tamil

Personal Interests

Astrophotography, Content Writing, Reading, Blogging
